	aimer:
for stud	stand that the retake opportunity is designed to help students who truly prepared for the test, but still did poorly. It is not designed lents who waste time in class, cause distractions, and do not complete their work. Opportunities for earning a right to retake will be d for students who continue to show repeated lack of preparation prior to a test. Lack of preparation includes:

Disc

- Incomplete practice assignments and study guides
 Lack of focus, causing distractions, and continuously being off task in class
 Not attending tutoring (including Buc Block) or completing practice problems on DeltaMath
